User Registration

Visit **Conatus** Registration page and fill in all required fields, and as many of the optional ones as possible.

In the case you already have an ORCID iD, connect it with your profile; if not, it is highly recommended that you create one by visiting the ORCID iD website. Creating an ORCID iD is easy, free of charge, and facilitates cross-referencing; it also serves as a detailed academic CV.

If you would like to receive a confirmation email, please tick the Confirmation box.

We suggest that you register as a reader as well as an author.

If you wish to conduct peer review of material submitted to **Conatus**, please tick the relevant box also, and identify your reviewing interests.
